

# Texas Optometry Board Partners with CE Broker!

CE Broker will soon be the official CE tracking system of the Texas Optometry Board. The Board will be providing you with a free Basic Account, so in the coming months, you'll have helpful CE tracking tools right at your fingertips.

## Free Access to CE Broker

Within the free Basic Account, you will have access to your Course History and CE Compliance Status. This lists all of the courses which have been reported thus far and indicates whether or not you have satisfied your renewal requirements. From here, you may easily find and report any CE that might be missing. CE Broker is 100% free to use and you will never have to pay to access all of the necessary tools to renew your license!

## Comprehensive Course Search

One of the best free tools CE Broker provides is their Course Search. You can easily find every course needed to successfully complete your certificate renewal, with just a few clicks! After you are finished with each course, educational providers can report the credits directly into CE Broker for you - but you should always retain a copy of the certificates for your records.

## Upgraded Account Options

You can also subscribe to an optional Professional or Concierge Account, which offers above-and-beyond CE tracking tools to further simplify your renewal process. With the Professional account, you can access a personalized CE Transcript which outlines exactly what requirements you have left to complete. The Concierge account even includes your own CE Broker account manager who can guide you through the reporting process, step by step.

## Helpful Support Center

CE Broker's support center is based in Jacksonville, FL and staffed with experts who will be thoroughly trained on the rules & regulations for the Texas Optometry Board. Open 8AM- 8PM ET, Monday through Friday, you can reach them by phone at 877-434-6323, or via email and live chat. For additional information and helpful guides, please visit: <https://help.cebroker.com/>
